## BURGESS RISBECK HAS HEAVY MONTH IN POLICE COURT DURING MARCH

**Makes Regular Report to Expedition Spoiled Council at Meeting By an April Shower**

### NUMEROUS COMPLAINTS

March was a heavy month in police circles according to the report of Burgess George W. Risbeck, which was presented to council at the regular meeting last night. During the month there were 63 arrests, and total fines of \$117.90 were assessed, of which \$101.35 was paid, the remainder being served out.

Other reports were read and accepted, of the treasurer and tax collector. The treasurer's report summarized follows:

Balance from last report.....\$ 386.76  
Receipts for month..... 939.83

Total.....\$1,776.59  
Disbursements..... 669.35

Balance in last report.....\$1,107.24

The report of Tax Collector Mathias showed that \$267.58 had been paid to the treasurer, and the report of Ex-Tax Collector Parsons showed that there had been for 1907, 1908, and 1909 taxes the total sum of \$110.09 paid to the treasurer. A number of bills were read and ordered paid.

J. A. Hepler was present and complained of the dumping of garbage at the corner of Lincoln avenue and First street. The boardmen of the garbage man will be notified to have better care taken in the disposition of the garbage.

William Schempp was present with a complaint about an alleged overcharge in his water rental. The matter was referred to the water committee for investigation. August Constance had a grievance about the stop-up of his sewer, and the street commissioner was instructed to attend to the matter. William Gelder was present in regard to a sewer permit for his property on Crest avenue. Dr. Davis was present, and stated that there was too much dust on Seventh street. The matter was placed in the street committee's hands.

The clerk was instructed to notify the Charleroi Water company to repair the fire plug at the corner of Fallowfield avenue and Seventh street. The ordinance committee was instructed to prepare an ordinance for the paving of McKean avenue to the borough line between Charleroi and North Charleroi.

When council adjourned it was to meet on Wednesday to take up the delinquent tax list.

### Well Entertained.

The Lady Maccabees social at the home of Mrs. M. J. McGee of Fallowfield avenue last night was a most enjoyable affair. The usual large attendance was present, and all were highly entertained. A novelty in the refreshment line was apple pie and ice cream, which was highly appreciated by the company. The next social will be held next Monday night at the home of Mrs. Katharine Gray of McKean avenue.

Joseph J. Haube has sold to Albert E. Harris of Twilight a lot in Twilight, coal reserved, containing three acres. The consideration was \$453.

Herbert Jacobs who is a student at Chester Military college, at Chester, after spending the Easter vacation of several days with his mother, Mrs. Blanche Jacobs of Second street, returned today to school.

## FRANK COLUMBUS IS DISCHARGED AFTER HEARING FOR MURDER

Frank Columbus, arrested on last Saturday, charged with the murder of Benoit Vanoucki, by Chief of Police C. W. Albright, was given a hearing last night before Justice of the Peace E. E. Rice, and discharged, there not being enough tangible evidence on which to hold him. All the evidence offered was circumstantial.

The murder of Vanoucki was committed last July, he being shot through the head as he was returning home one morning. He was a Belgian, while Columbus is an Italian. The thing which caused the arrest of Columbus was his wife remarking in the course of an ordinary conversation that her husband had shot a man and suspicion was entertained that Vanoucki was the one, although it is stated that Columbus had accidentally shot another while out hunting some years ago.

## OFFICERS ELECTED AT ANNUAL MEETING

The annual congregational and business meeting of the First Presbyterian church was held last night at which reports for the year were made and the officials chosen for the ensuing year. Reports were read and accepted from the treasurer, the Ladies Aid society, the Sunday school, the board of trustees and the treasurer of the session. Officers were elected as follows:

Elders—Dr. H. J. Repman, Prof. J. G. Pantz, John Hackett.

Trustees—Dr. J. W. Hunter, R. M. Smith, B. J. Owens.

Deaconesses—Miss Lydia Wise, Mrs. U. S. Orange.

A proposition to purchase the J. S. Crawford property for a parsonage was taken up and discussed, but no decision was reached, and the meeting adjourned to meet again next week. The affairs of the church are in a flourishing condition, and all were well pleased with the showing made.

## AMBASSADOR BRYCE WILL ASSIST IN PARK DEDICATION

James Bryce, the British Ambassador, has accepted an invitation to participate in the dedication of a National park near Uniontown this summer. The park is to be established in memory of General Edward Braddock, who was so closely identified with the early history of Western Pennsylvania. Braddock was buried near Uniontown and his remains have lain there for a century and a half. A tract of about 20 acres, including the grave, has been purchased by patriotic citizens, who after the dedication next summer, will turn it over to the Government as a National park.

## DOPE FROM THE CHURCH BASEBALL LEAGUE

Manager McCloskey threatens to have a winner.

Bob Hess, the human stepple, is practicing daily. Bob has speed to burn, but his control is bad. Bob Vetter the human freight car, says his down ball will have them all guessing.

Jos. Entrott, sometime right fielder of the old firemen's team, may sign with Bentleyville in the corn tassel league.

Frank Jones says he would play this season if they would use yarn balls.

Andy Allhouse, generally known as the "blue streak," is said to be showing more speed on the base paths than ever before.

Jay Bechtel has ordered a new pair of sliding gloves.

Chauncey Collins will be carried as a pinch hitter by the Washington Ave-

## THOUGHT OPERATORS WILL NOW ACCEPT TERMS OF MINERS

It is generally anticipated that the coal operators of the Pittsburgh district will adopt the scale presented them by the miners at yesterday's conference, held in Pittsburgh. It is said that there is only one company opposed to the demand made by the miners. All others, including all the independent concerns favor it. At the request of the operators, the conference adjourned at noon, to allow them to consider the miners' demand. George Schluenderberger was chairman of the conference, T. Donovan secretary for the miners and S. A. Taylor secretary for the operators.

Every operator in the Pittsburgh district was present or represented. Last evening President Francis J. Feehan of the Pittsburgh district mine workers, expressed the opinion that the miners and operators would reach an amicable settlement.

All miners of Mercer, Armstrong, Butler and Beaver counties, who are under the jurisdiction of the Pittsburgh district miners' organization, have reached an agreement with the operators and have returned to work.

## MYSTERY IN FIND OF A HUMAN BODY

While speding in his garden Monday morning Silas Mankey of Washington unearthed a box containing the remains of a human body. The remains were so badly decomposed that little was left to identify them. The body is believed to be that of a man murdered in a fight in a gambling house in 1887. The gambling house was located in a stable on the ground now occupied by the county jail. One night during a card game, it is stated, a quarrel arose and a stranger was beaten.

The next day two men were seen leaving the place carrying a large sack. The stranger was never again seen, but no investigation was made.

The members of the Charleroi Boys Brigade are requested to assemble in uniform at 7 o'clock sharp tonight at the tennis court on McKean avenue for drill.

## COMMISSIONERS FOR REDISTRICTING OF LOCAL PRECINCTS

Theodore J. Allen, Thos. P. Sloan and Cary Piper this morning received notice that they had been appointed commissioners to inquire into the proposed redistricting of the borough of Charleroi. At present the borough has just three voting precincts and it is likely that the redistricting will result in the dividing of the borough into five or six precincts in all. The returns show that there are 764 voters in the First precinct, 453 in the Second and 377 in the Third. The purpose of the redistricting would be to better equalize the precincts.

Sanford Z. Crumrine of Scenery Hill, a former resident of Charleroi and one of the genial employees of Uncle Sam at the local postoffice, was in town yesterday, shaking hands with friends and transacting business.

## TWENTY-FIVE TAKING MINE FOREMEN EXAMINATIONS FOR THIS DISTRICT

**Willis Humphries Doing Good Work**

A newspaper correspondent who is with the Pittsburgh National League baseball team at Hot Springs, Ark., writes that Manager Clark is well pleased with the good work of Willis Humphries, the former Charleroi pitcher who was drafted from McKeesport last fall. The other day Humphries worked five innings with the regulars and held the Yanigans without a hit.

### No League Meeting Tonight.

There will be no church league meeting tonight as President Johnston has been called out of town on business. This meeting is postponed until next Monday evening at the Washington Avenue Presbyterian church at 7:30 sharp. All managers and executive officers must be present.

## FAREWELL RECEPTION TENDERED IN HONOR OF DEPARTING MEMBERS

Members of the Methodist Episcopal church last night gave a farewell reception to Joseph Kenyon, late superintendent of the Sunday school and William Kenyon, and their families, who are about to leave for Los Angeles California, and to C. C. Crill, who will leave Charleroi shortly to become a traveling salesman. There was a good number present, and a nice program was rendered. The M. E. orchestra, under the direction of A. H. Bosson furnished several selections, and Mr. Bosson sang a solo. Addresses were made by Rev. C. E. Frontz, pastor of Christ Lutheran church, Rev. G. G. Kerr, pastor of the Washington Avenue Presbyterian church, Rev. John Allison and by Rev. A. M. Doak of the M. E. church.

The addresses were all toasts to the men who are leaving, as each individual had known them.

In concluding the pleasant events of the evening W. S. James, on behalf of the Men's League and other departments of the church, presented Joseph Kenyon, with three sets of Biblical reference books, as a token of the esteem in which he was held.

## MONDAY NIGHT SHOW PLEASES AT COYLE

One of the best trained animal acts in American is at the Coyle the first three days of this week. This is Professor Paul Spessard's bears. As an animal trainer, the professor knows no equal and this is carried out by the manner in which he handles these comical looking four-footed brutes. No leash or muzzle is used, which is something to make a note of and shows the wonderful control he has over these animals. The troupe is composed of a grizzly, a cinnamon, a Russian, and a Japanese bear and two fine looking great Dane dogs. The bears ride a bicycle, answer the telephone, etc. But the finishing touch is the banquet scene and roar after roar of laughter goes out over the comical antics of the bears and bottles.

Tom Kum, the Japanese hoop contortionist, does some very clever tricks. His feat of going through a ten-inch hoop and balancing a glass of

## THE LIST OF QUESTIONS

The first examination for mine foremen in the history of Charleroi, the headquarters of the Twenty-First bituminous district, of which F. W. Cunningham of Charleroi is the inspector, began today at the Charleroi Savings and Trust company hall. There are 25 applicants for mine foreman's certificates taking the examination, which is being conducted by the 21st district examining board, F. W. Cunningham, Harry C. Drum, and Peter Crockett.

The things which must be stated today are in the preliminary questions; the age, data of citizenship, testimonials of character, whether or not possessing a fire boss' certificate whereby whom employed and in what capacity, in the bituminous mines of the State, other States, or country. The second grade question today, section 1, follow:

1. What are the legal requirements for handling, transporting and storing explosives in and about the mines?
2. What quantity of air will pass through an airway 6.6 feet by 9.4 feet in a section at a velocity of 600 feet per minute?
3. What are the essential features to be observed in making haulage roads to insure safety and economy of operation?
4. Find the diameter of an air shaft, its depth being 90 feet and from which 261 cubic yards of material have been excavated.
5. How would you proceed, with safety, to timber an entry with a tender slate roof, requiring cross bars and to be supported by a leg at each end?

The names of those taking the mine foreman's examination today follow. Fire boss examinations will be held Friday:

James Dunlap, Charleroi; Harry Webster, Fayette City; Thos. Dickinson, Fayette City; W. J. O'Brien, Fayette City; William Cowell, Speers; David Ferguson, Brownsville; George E. Steele, Brownsville; Alex. Anderson, Charleroi; F. W. Dwyer, Jr., Fayette City; Harry Parkins, Roscos; R. J. Wood, Allentown; S. R. Gray, Belle Vernon; Chas. E. Crawford, Newell; Daniel Jones, Pricedale; L. E. Muir, Belle Vernon; J. R. Weldon, Allentown; James D. Simpson, Stockdale; Richard Breckenridge, Fayette City; Harry P. Abbott, Speers; Percy M. Willis, Belle Vernon; Bruce O. Cross, Charleroi; R. S. Adams, West Brownsville; John Dunlap, Allentown; Thomas Dinnen, Fayette City; Samuel McFarland, Fayette City.

The results of the examination will not be made known for probably two or three weeks.

## Fletcherism.

Horace Fletcher, the man who claims the discovery of how the human race should eat, is to lecture before the women's Friday Afternoon Club at California some time this month. This process of knowing how to eat is called Fletcherism, which is nothing more nor less than thorough mastication of the food. There is no secret or patent on the process. In this age of high living, dyspepsia and indigestion, some Moses was required to lead the people out of the boiling and gulping wilderness of feeding, and this happened to be Horace Fletcher.

Like all great reformers Fletcher was once himself a horrible example. He lived high, fed well, exercised little, and suffered the inevitable consequences. Then, when a forty-inch belt would no longer encircle his girth, and pepsin refused to act, he meditated long and profoundly upon the fatuity of the pleasures of the board. When the time came that he had to abandon the policy he had always pursued of living to eat, he began experimenting upon the plan of eating to live. In due course of time he discovered that the most relief he obtained was from the practice of what his elementary text book on physiology had taught him years ago when he was a school boy, "chew everything thoroughly before swallowing," and Eureka! Here was the secret; chew! Chew everything, even your soup. The rag is the only exception.

From a hopeless dyspeptic Horace Fletcher has become the apostle of the new cult; that is, Fletcherism, meaning to chew. This is now the panacea for the most, at least, of the human ills to which flesh is heir to. It is a veritable fountain of youth, and Horace Fletcher has grown young again in practicing and expounding the propaganda of Fletcherism. Wherever he goes the people Fletcherize, get well, and become happy. He is a modern savior of the human race, and only the doctors bemoan his teachings.

## Public Indifference.

The rules laid down by the Westmoreland county court governing the sale of beer by brewery agents within that county is but another evidence that the State law governing this traffic is not so loose and ineffective as most people are led to believe. In nearly every similar case where the public has filed a protest as to how the law has been observed, the court's construction has invariably

shown the law to be able to cover all requirements in the matter of regulation when properly enforced. It is lack of enforcement and abuse of privilege that leads to the evils for which complaint is entered.

Both in Washington and Westmoreland counties the people became aroused over the methods employed by the beer agents in selling their product where no retail license was granted and the proper construction of the law showed that there is ample redress and protection if the people only insist upon it. When this is done the most of the evil effects are wiped out. It is the indifference of the public, and the inadequate means of enforcing the law that led to the evil conditions that formerly prevailed. Both county courts have shown the way, and all that remains is for the people to insist upon a rigid enforcement of the law.

## More Voting Room.

The action of the county court yesterday in appointing commissioners to inquire into the feasibility of redistributing Charleroi for voting purposes, is another refutation of the base slander E. F. Acheson has been circulating about Charleroi through his Washington papers to the effect that there are 346 fraudulent voters in this borough. The petition to court asks for more polling places, as the registry returns—the official records—show that there are 1,599 voters in the three precincts which now compose the voting districts of Charleroi. Under present conditions there would not be opportunity for nearly half of these to cast their ballots at a primary election should the entire number attempt to exercise their right of franchise. This was demonstrated at the primary in 1908, when about three-fourths of the registered voters in the borough cast their ballots. As the polls are open but half a day at the primary one or two of the precincts were so crowded all the time that many could not wait and left without voting.

Mr. Acheson's false statements regarding the integrity of Charleroi voters are easily disproven by the records. If these voters were not where the registry assessors would not return them; and if there were sufficient accommodations at the three precincts for all to vote, the citizens would not petition court for more polling places. As Mr. Acheson has never made an attempt to institute legal proceedings or cause the county officials to act on the information he professes to have, it is obvious that his aspersions of Charleroi's fair name have no standing.

Strange the Black Hand did not get after Teddy when he was in Naples.

A man who never worked around a printing office does not appreciate the value of soap.

An exchange states that parrots live to be 100 years old, and older. Wonder if their swearing abilities wane as they age?

How does it come that when a fellow is in an especially big hurry, and is particularly anxious to use the telephone that it is always reported busy; also how does it come that the pretty girl you want to walk down street with always has some other fellow; also how does it come, that when you do your best some fellow is always saying you are a rum, and also how does it come that when you get a new suit, it never looks nice according to your friends' belief but if your friend gets one and you don't tell him it looks nice he gets mad?

The next thing in order after they get to running those aeroplanes right will be an anti-hustle invention.

What's the use of Fletcher coming to California to tell them something when they know it all already?

LEONHARD EULER'S MEMORY.  
Leonhard Euler, who was born in 1707 and died in 1783 at St. Petersburg, where he spent his life as a teacher of great power and as a prolific writer, was an instance of the genuine mathematician endowed with almost superhuman powers. He left more than 200 mathematical treatises on his favorite subject, and the bulk of the works published by his academy between 1727 and 1783 were from his pen. In his old age he was totally blind. Then he carried in his memory a table of the first six powers of the "series of natural numbers up to 100." It is related that on one occasion two of Euler's students attempted to calculate a converging series. As they advanced they found they disagreed in the result by a unit in the fifteenth figure. The question was referred to Euler, who decided to make the calculation. He did this mentally, and his result was found to be correct.—New York Tribune.

## To the Voters of the Forty-sixty Senatorial District:

I take this occasion of announcing myself as a candidate for Senator in the General Assembly subject to the decision of the Republican voters of the Forty-Sixth district composed of Washington and Greene counties, at the primaries to be held June 4, 1910.

My political record, from the time I was first elected to the borough council of Washington 20 years ago, until the present time, is an open book for the people of Washington and Greene counties to read. If they approve my course, then I shall hope that they will stand loyally by me. I shall make no unseemly scramble for this high office. I shall abuse no one and I hope no friend of mine will say aught that would wound any man who is opposed to me. I am willing to submit my candidacy upon the record I have made, and feel that I have nothing to fear from the Republicans of Washington and Greene counties.

Leaving my cause in your hands, I am, Yours very respectfully,

### CURES REMOVE DOUBT ABOUT ECZEMA CURE

Read What Your Druggist Says About Oil of Wintergreen

For several years we have announced, with our recommendation, that we had found a positive cure for eczema: a simple skin wash, oil of wintergreen compounded with other healing ingredients.

Yet we know there are people right in this town who have eczema, and still have never tried this remedy.

We have, therefore, arranged with the D. D. D. Laboratories of Chicago for a special offer of a trial bottle at 25 cents instead of the \$1.00 bottle as regularly sold.

We offer this trial bottle with our recommendation and assurance that just as soon as the patient washes his itching skin, this mild liquid will take the itch away instantly.

## BANISH CATARRH

Breathe Hyomei for Two Minutes and Stuffed up Head Will Vanish.

If you want to get relief from catarrh, cold in the head or from an irritating cough in the shortest time breathe Hyomei (pronounced it High-o-me).

It will clean out your head in two minutes and allow you to breathe freely.

Hyomei will cure a cold in one day. It will relieve you of disgusting snuffles, hawking, spitting and offensive breath in a week.

Hyomei is made chiefly from eucalyptol, a soothing, healing, germ killing antiseptic, that comes from the eucalyptus forests of inland Australia, where catarrh, asthma and consumption were never known to exist.

Hyomei is pleasant and easy to breathe. Just pour a few drops into the hard rubber inhaler, use as directed and cure is almost certain.

A complete Hyomei outfit, including inhaler and one bottle of Hyomei, costs only \$1.00 at druggists everywhere and at Piper Bros. If you already own an inhaler you can get an extra bottle of Hyomei at druggists for only 50c. K7

## BURGESS RISBECK HAS HEAVY MONTH IN POLICE COURT DURING MARCH

Makes Regular Report to Expedition Spoiled  
Council at Meeting  
Last Night.

### NUMEROUS COMPLAINTS

March was a heavy month in police circles according to the report of Burgess George W. Risbeck, which was presented to council at the regular meeting last night. During the month there were 63 arrests, and total fines of \$117.90 were assessed, of which \$101.35 was paid, the remainder being served out.

Other reports were read and accepted, of the treasurer and tax collector. The treasurer's report summarized follows:  
Balance from last report.....\$ 86.76  
Receipts for month..... 939.83

Total.....\$1,776.59  
Disbursements..... 669.35

Balance in last report.....\$1,107.24

The report of Tax Collector Mathias showed that \$267.53 had been paid to the treasurer, and the report of Ex-Tax Collector Parsons showed that there had been for 1907, 1908, and 1909 taxes the total sum of \$110.09 paid to the treasurer. A number of bills were read and ordered paid.

J. A. Hepler was present and complained of the dumping of garbage at the corner of Lincoln avenue and First street. The bondsmen of the garbage man will be notified to have better care taken in the disposition of the garbage.

William Schempp was present with a complaint about an alleged overcharge in his water rental. The matter was referred to the water committee for investigation. August Constance had a grievance about the stop-up of his sewer, and the street commissioner was instructed to attend to the matter. William Gelder was present in regard to a sewer permit for his property on Crest avenue. Dr. Davis was present, and stated that there was too much dust on Seventh street. The matter was placed in the street committee's hands.

The clerk was instructed to notify the Charleroi Water company to repair the fire plug at the corner of Fallowfield avenue and Seventh street. The ordinance committee was instructed to prepare an ordinance for the paving of McKean avenue to the borough line between Charleroi and North Charleroi.

When council adjourned it was to meet on Wednesday to take up the delinquent tax list.

### Well Entertained.

The Lady Maccabees social at the home of Mrs. M. J. McGee of Fallowfield avenue last night was a most enjoyable affair. The usual large attendance was present, and all were highly entertained. A novelty in the refreshment line was apple pie and ice cream, which was highly appreciated by the company. The next social will be held next Monday night at the home of Mrs. Katharine Gray of McKean avenue.

Joseph J. Haube has sold to Albert E. Harris of Twilight a lot in Twilight, coal reserved, containing three acres. The consideration was \$453.

Herbert Jacobs who is a student at Chester Military college, at Chester, after spending the Easter vacation of several days with his mother, Mrs. Blanche Jacobs of Second street, returned today to school.

## FRANK COLUMBUS IS DISCHARGED AFTER HEARING FOR MURDER

Frank Columbus, arrested on last Saturday, charged with the murder of Benoit Vanoucki, by Chief of Police C. W. Albright, was given a hearing last night before Justice of the Peace E. E. Rice, and discharged, there not being enough tangible evidence on which to hold him. All the evidence offered was circumstantial.

The murder of Vanoucki was committed last July, he being shot through the head as he was returning home one morning. He was a Belgian, while Columbus is an Italian. The thing which caused the arrest of Columbus was his wife remarking in the course of an ordinary conversation that her husband had shot a man and suspicion was entertained that Vanoucki was the one, although it is stated that Columbus had accidentally shot another while out hunting some years ago.

## OFFICERS ELECTED AT ANNUAL MEETING

The annual congregational and business meeting of the First Presbyterian church was held last night at which reports for the year were made and the officials chosen for the ensuing year. Reports were read and accepted from the treasurer, the Ladies Aid society, the Sunday school, the board of trustees and the treasurer of the session. Officers were elected as follows:

Elders—Dr. H. J. Repman, Prof. J. G. Pentz, John Hackett.  
Trustees—Dr. J. W. Hunter, R. M. Smith, B. J. Owens.  
Deaconesses—Miss Lydia Wise, Mrs. U. S. Orange.

A proposition to purchase the J. S. Crawford property for a parsonage was taken up and discussed, but no decision was reached, and the meeting adjourned to meet again next week. The affairs of the church are in a flourishing condition, and all were well pleased with the showing made.

## AMBASSADOR BRYCE WILL ASSIST IN PARK DEDICATION

James Bryce, the British Ambassador, has accepted an invitation to participate in the dedication of a National park near Uniontown this summer. The park is to be established in memory of General Edward Braddock, who was so closely identified with the early history of Western Pennsylvania. Braddock was buried near Uniontown and his remains have lain there for a century and a half. A tract of about 20 acres, including the grave, has been purchased by patriotic citizens, who after the dedication next summer, will turn it over to the Government as a National park.

## DOPE FROM THE CHURCH BASEBALL LEAGUE

Manager McCloskey threatens to have a winner.

Bob Hess, the human steeple, is practicing daily. Bob has speed to burn, but his control is bad. Bob Vetter the human freight car, says his down ball will have them all guessing.

Jos. Entrott, sometime right fielder of the old firemen's team, may sign with Bentleyville in the corn tassel league.

Frank Jones says he would play this season if they would use yarn balls.

Andy Allhouse, generally known as the "blue streak," is said to be showing more speed on the base paths than ever before.

Jay Bechtel has ordered a new pair of sliding gloves.

Chauncey Collins will be carried as a pinch hitter by the Washington Ave.

## THOUGHT OPERATORS WILL NOW ACCEPT TERMS OF MINERS

It is generally anticipated that the coal operators of the Pittsburgh district will adopt the scale presented them by the miners at yesterday's conference, held in Pittsburgh. It is said that there is only one company opposed to the demand made by the miners. All others, including all the independent concerns favor it. At the request of the operators, the conference adjourned at noon, to allow them to consider the miners' demand. George Schluederberger was chairman of the conference, T. Donovan secretary for the miners and S. A. Taylor secretary for the operators.

Every operator in the Pittsburgh district was present or represented. Last evening President Francis J. Feehan of the Pittsburgh district mine workers, expressed the opinion that the miners and operators would reach an amicable settlement.

All miners of Mercer, Armstrong, Butler and Beaver counties, who are under the jurisdiction of the Pittsburgh district miners' organization, have reached an agreement with the operators and have returned to work.

## MYSTERY IN FIND OF A HUMAN BODY

While spading in his garden Monday morning Silas Mankey of Washington unearthed a box containing the remains of a human body. The remains were so badly decomposed that little was left to identify them. The body is believed to be that of a man murdered in a fight in a gambling house in 1887. The gambling house was located in a stable on the ground now occupied by the county jail. One night during a card game, it is stated, a quarrel arose and a stranger was beaten.

The next day two men were seen leaving the place carrying a large sack. The stranger was never again seen, but no investigation was made.

The members of the Charleroi Boys Brigade are requested to assemble in uniform at 7 o'clock sharp tonight at the tennis court on McKean avenue for drill.

## COMMISSIONERS FOR REDISTRICTING OF LOCAL PRECINCTS

Theodore J. Allen, Thos. P. Sloan and Cary Piper this morning received notice that they had been appointed commissioners to inquire into the proposed redistricting of the borough of Charleroi. At present the borough has just three voting precincts and it is likely that the redistricting will result in the dividing of the borough into five or six precincts in all. The returns show that there are 764 voters in the first precinct, 458 in the Second and 877 in the Third. The purpose of the redistricting would be to better equalize the precincts.

Sanford Z. Cramrine of Scenery Hill, a former resident of Charleroi and one of the genial employees of Uncle Sam at the local postoffice, was in town yesterday, shaking hands with friends and transacting business.

Speedy McKean will head the batting order of the Methodists.

Manager Rickey is not the poorest outfielder in the business, and he can hit like a four cylinder engine.

Frank Mangan will make a class guardian of the keystone station for the Catholics.

Frank Buchanan will be a regular on the Catholics pitching staff.

For the good of the game let us have less umpire baiting than last year. The umpire should have power to fine or suspend any player for continual kicking, ungentlemanly remarks or any actions unbecoming a gentleman. Ball players, let each club play to win and fight to the last ditch, but never forget that the game is for sport and recreation.

## TWENTY-FIVE TAKING MINE FOREMEN EXAMINATIONS FOR THIS DISTRICT

Willis Humphries  
Doing Good Work  
Being Conducted by F. W. Cunningham, H. C. Drum and Peter Crocket.

A newspaper correspondent who is with the Pittsburgh National League baseball team at Hot Springs, Ark., writes that Manager Clark is well pleased with the good work of Willis Humphries, the former Charleroi pitcher who was drafted from McKeesport last fall. The other day Humphries worked five innings with the regulars and held the Yankees without a hit.

### No League Meeting Tonight.

There will be no church league meeting tonight as President Johnston has been called out of town on business. This meeting is postponed until next Monday evening at the Washington Avenue Presbyterian church at 7:30 sharp. All managers and executive officers must be present.

## FAREWELL RECEPTION TENDERED IN HONOR OF DEPARTING MEMBERS

Members of the Methodist Episcopal church last night gave a farewell reception to Joseph Kenyon, late superintendent of the Sunday school and William Kenyon, and their families, who are about to leave for Los Angeles California, and to C. C. Crill, who will leave Charleroi shortly to become a traveling salesman. There was a good number present, and a nice program was rendered. The M. E. orchestra, under the direction of A. H. Bosson furnished several selections, and Mr. Bosson sang a solo. Addresses were made by Rev. C. E. Frontz, pastor of Christ Lutheran church, Rev. G. G. Kerr, pastor of the Washington Avenue Presbyterian church, Rev. John Allison and by Rev. A. M. Deak of the M. E. church.

The addresses were all toasts to the men who are leaving, as each individual had known them.

In concluding the pleasant events of the evening W. S. James, on behalf of the Men's League and other departments of the church, presented Joseph Kenyon, with three sets of Biblical reference books, as a token of the esteem in which he was held.

## MONDAY NIGHT SHOW PLEASURES AT COYLE

One of the best trained animal acts in American is at the Coyle the first three days of this week. This is Professor Paul Spessard's bears. As an animal trainer, the professor knows no equal and this is carried out by the manner in which he handles these comical looking four-footed brutes. No leash or muzzle is used, which is something to make a note of and shows the wonderful control he has over these animals. The troupe is composed of a grizzly, a cinnamon, a Russian, and a Japanese bear and two fine looking great Dane dogs. The bears ride a bicycle, answer the telephone, etc. But the finishing touch is the banquet scene and rear after roar of laughter goes out over the comical antics of the bears and bottles.

Tom Kum, the Japanese hoop con-tortionist, does some very clever tricks. His feat of going through a ten-inch hoop and balancing a glass of

## THE LIST OF QUESTIONS

The first examination for mine foremen in the history of Charleroi the headquarters of the Twenty-First bituminous district, of which F. W. Cunningham of Charleroi is the inspector, began today at the Charleroi Savings and Trust company hall. There are 25 applicants for mine foremen's certificates taking the examination, which is being conducted by the 21st district examining board, F. W. Cunningham, Harry C. Drum, and Peter Crocket.

The things which must be stated today are in the preliminary questions; the age, date of citizenship, testimonials of character, whether or not possessing a fire boss' certificate whereby whom employed and in what capacity, in the bituminous mines of the State, other States, or country. The second grade question today, section 1, follow:

1. What are the legal requirements for handling, transporting and storing explosives in and about the mines?
2. What quantity of air will pass through an airway 6.6 feet by 9.4 feet in a section at a velocity of 600 feet per minute?
3. What are the essential features to be observed in making haulage roads to insure safety and economy of operation?
4. Find the diameter of an air shaft, its depth being 90 feet and from which 261 cubic yards of material have been excavated.
5. How would you proceed, with safety, to timber an entry with a tender slate roof, requiring cross bars and to be supported by a leg at each end?

The names of those taking the mine foreman's examination today follow. Fire boss examinations will be held Friday:

James Dunlap, Charleroi; Harry Webster, Fayette City; Thos. Dickinson, Fayette City; W. J. O'Brien, Fayette City; William Cowell, Speers; David Ferguson, Brownsville; George E. Steele, Brownsville; Alex. Anderson, Charleroi; F. W. Dwyer, Jr., Fayette City; Harry Parkins, Roscoe; R. J. Wood, Allenport; S. R. Gray, Belle Vernon; Chas. E. ## Fletcherism.

Horace Fletcher, the man who claims the discovery of how the human race should eat, is to lecture before the women's Friday Afternoon Club at California some time this month. This process of knowing how to eat is called Fletcherism, which is nothing more nor less than thorough mastication of the food. There is no secret or patent on the process. In this age of high living, dyspepsia and indigestion, some Moses was required to lead the people out of the boiling and gulping wilderness of feeding, and this happened to be Horace Fletcher.

Like all great reformers Fletcher was once himself a horrible example. He lived high, fed well, exercised little, and suffered the inevitable consequences. Then, when a forty-inch belt would no longer encircle his girth, and pepsin refused to act, he meditated long and profoundly upon the fatuity of the pleasures of the board. When the time came that he had to abandon the policy he had always pursued of living to eat, he began experimenting upon the plan of eating to live. In due course of time he discovered that the most relief he obtained was from the practice of what his elementary text book on physiology had taught him years ago when he was a school boy, "chew everything thoroughly before swallowing," and Eureka! Here was the secret; chew! Chew everything, even your soup. The rag is the only exception.

From a hopeless dyspeptic Horace Fletcher has become the apostle of the new cult; that is, Fletcherism, meaning to chew. This is now the panacea for the most, at least, of the human ills to which flesh is heir to. It is a veritable fountain of youth, and Horace Fletcher has grown young again in practicing and expounding the propaganda of Fletcherism. Wherever he goes the people Fletcherize, get well, and become happy. He is a modern savior of the human race, and only the doctors bemoan his teachings.

## Public Indifference.

The rules laid down by the Westmoreland county court governing the sale of beer by brewery agents within that county is but another evidence that the State law governing this traffic is not so loose and ineffective as most people are led to believe. In nearly every similar case where the public has filed a protest as to how the law has been observed, the court's construction has invariably

shown the law to be able to cover all requirements in the matter of regulation when properly enforced. It is lack of enforcement, and abuse of privilege that leads to the evils for which complaint is entered.

Both in Washington and Westmoreland counties the people became aroused over the methods employed by the beer agents in selling their product where no retail license was granted and the proper construction of the law showed that there is ample redress and protection if the people only insist upon it. When this is done the most of the evil effects are wiped out. It is the indifference of the public, and the inadequate means of enforcing the law that led to the evil conditions that formerly prevailed. Both county courts have shown the way, and all that remains is for the people to insist upon a rigid enforcement of the law.

## More Voting Room.

The action of the county court yesterday in appointing commissioners to inquire into the feasibility of restricting Charleroi for voting purposes, is another refutation of the base slander E. F. Acheson has been circulating about Charleroi through his Washington papers to the effect that there are 346 fraudulent voters in this borough. The petition to court asks for more polling places, as the registry returns—the official records—show that there are 1,599 voters in the three precincts which now compose the voting districts of Charleroi. Under present conditions there would not be opportunity for nearly half of these to cast their ballots at a primary election should the entire number attempt to exercise their right of franchise. This was demonstrated at the primary in 1908, when about three-fourths of the registered voters in the borough cast their ballots. As the polls are open but half a day at the primary one or two of the precincts were so crowded all the time that many could not wait and left without voting.

Mr. Acheson's false statements regarding the integrity of Charleroi voters are easily disproven by the records. If these voters were not where the registry assessors would not return them; and if there were sufficient accommodations at the three precincts for all to vote, the citizens would not petition court for more polling places. As Mr. Acheson has never made an attempt to institute legal proceedings or cause the county officials to act on the information he professes to have, it is obvious that his aspersions of Charleroi's fair name have no standing.

How does it come that when a fellow is in an especially big hurry, and is particularly anxious to use the telephone that it is always reported busy; also how does it come that the pretty girl you want to walk down street with always has some other fellow; also how does it come, that when you do your best some fellow is always saying you are a rum, and also how does it come that when you get a new suit, it never looks nice according to your friends' belief but if your friend gets one and you don't tell him it looks nice he gets mad?

Euler's wonderful memory. Leonhard Euler, who was born in 1707 and died in 1783 at St. Petersburg, where he spent his life as a teacher of great power and as a prolific writer, was an instance of the genuine mathematician endowed with almost superhuman powers. He left more than 200 manuscript treatises on his favorite subject, and the bulk of the works published by his academy between 1727 and 1783 were from his pen. In his old age he was totally blind. Then he carried in his memory a table of the first six powers of the "series of natural numbers up to 100." It is related that on one occasion two of Euler's students attempted to calculate a converging series. As they advanced they found they diverged to the result by a unit in the fifteenth figure. The question was referred to Euler, who decided to make the calculation. He did this mentally, and his result was found to be correct.—New York Tribune.

## Tipped.

## To the Voters of the Forty-sixty Senatorial District:

I take this occasion of announcing myself as a candidate for Senator in the General Assembly subject to the decision of the Republican voters of the Forty-Sixth district composed of Washington and Greene counties, at the primaries to be held June 4, 1910.

My political record, from the time I was first elected to the borough council of Washington 30 years ago, until the present time, is an open book for the people of Washington and Greene counties to read. If they approve my course, then I shall hope that they will stand loyally by me. I shall make no unseemly scramble for this high office. I shall abuse no one and I hope no friend of mine will say aught that would wound any man who is opposed to me. I am willing to submit my candidacy upon the record I have made, and feel that I have nothing to fear from the Republicans of Washington and Greene counties.

Leaving my cause in your hands, I am, Yours very respectfully,

### CURES REMOVE DOUBT ABOUT ECZEMA CURE

Read What Your Druggist Says About Oil of Wintergreen

For several years we have announced, with our recommendation, that we had found a positive cure for eczema; a simple skin wash, oil of wintergreen compounded with other healing ingredients.

Yet we know there are people right in this town who have eczema, and still have never tried this remedy.

We have, therefore, arranged with the D. D. D. Laboratories of Chicago for a special offer of a trial bottle at 25 cents instead of the \$1.00 bottle as regularly sold.

We offer this trial bottle with our recommendation and assurance that just as soon as the patient washes his itching skin, this mild liquid will take the itch away instantly.

## BANISH CATARRH

Breathe Hyomei for Two Minutes and Stuffed up Head Will Vanish.

If you want to get relief from catarrh, cold in the head or from an irritating cough in the shortest time breathe Hyomei (pronounced it High-o-me).

It will clean out your head in two minutes and allow you to breathe freely.

Hyomei will cure a cold in one day, it will relieve you of disgusting snuffles, hawking, spitting and offensive breath in a week.

Hyomei is made chiefly from eucalyptol, a soothing, healing, germ killing antiseptic, that comes from the eucalyptus forests of inland Australia, where catarrh, asthma and consumption were never known to exist.

Hyomei is pleasant and easy to breathe. Just pour a few drops into the hard rubber inhaler, use as directed and cure is almost certain.

A complete Hyomei outfit, including inhaler and one bottle of Hyomei, costs only \$1.00 at druggists everywhere and at Piper Bros. If you already own an inhaler you can get an extra bottle of Hyomei at druggists for only 50c. K7

Where are the Girls I Used to Know?

Where are the sweethearts of long ago—the merry girls that I used to know? Mollie and Margaret, Ruth and May, I see them all in my dreams today. Perchance to good men they are wedded for life, each one a loving and dutiful wife, but whatever their station, or wherever they roam, if they're using Chi-Namel they have a bright home.
